THE SCHLEY INQUIRY.

Evidence in Behalf of the Defendant Has Been Closed.

BORDEN IS THE LAST

Rebuttal Witnesses on the Government Side Now Giving Testimony, Then Will Come Admiral Schley's Time for Rebuttal.

Washington, Oct. 31.— When the Schley court of inquiry opened to-day Captain T. S. Borden was called as the first witness, and who was the last witness to testify in Admiral Schley's behalf. It had been expected Admiral Barker would be called, but it was decided his testimony was not necessary. Captain Borden is an officer in the marine corps and served on the Brooklyn during the Cuban campaign. His testimony was, therefore, largely corroborative of the evidence which heretofore had been given by others who were on the Brooklyn. The remainder of the day was taken up with hearing of witnesses called by the navy department, for the purpose of impeaching certain parts of testimony given in support of Admiral Schley. Included in the list for this purpose is Captain Charles D. Sigsbee, of the St. Paul; Captain Francis F. Chadwick, of Admiral Sampson's flagship New York; Sylvester Scovil, who was a newspaper correspondent in Cuban waters during the campaign; Major T. N. Wood, who served on board the Massachusetts as a marine officer; Lieutenant Commander Potts and Lieutenant Grant, who were on the Massachusetts, and Captain Joseph G. Eaton, who was on the Resolute.

Captain Sigsbee was called for the purpose of rebutting the testimony as to his message to the Somers N. Smith, the press boat, and also his conversation on the Brooklyn to which witnesses have testified he told Commodore Schley the Spaniards were not in Santiago.

MR. HANNA ASKS A QUESTION.

Scovil was summoned for the purpose of rebutting the testimony as to Captain Sigsbee's message to the press boat, Somers N. Smith.

Captain Chadwick was called to testify concerning the conference between Admiral Sampson and Commodore Schley on May 19.

Major Wood, Commander Potts and Lieutenant Grant are expected to testify relative to the ward room conversation on the Massachusetts on May 31, in which Lieutenant Sears is alleged to have spoken of the difficulty of getting Admiral Schley to embark upon a reconnoissance in the harbor at Santiago, which took place on that day.

Counsel for Admiral Schley was prepared to make technical objections to most of this testimony and the day began with prospect that much of the time would be occupied in discussing the points at issue between the counsel on the two sides of the case.

Admiral Schley probably will not return to the witness stand for a correction of his testimony for two or three days.

Captain Borden recounted his observations of the Santiago blockade and the battle, which agreed with those of other witnesses from the Brooklyn. In reply to a question from Mr. Rayner, he said he had seen Commodore Schley three times during the battle and his bearing was "everything officers and the crew could have expected."

At the conclusion of Captain Borden's testimony counsel for Admiral Schley announced they had closed their case.

Lieutenant Grant was called as the first witness for rebuttal.

Schley Finishes His Testimony.

Washington, Oct. 31.—The long ordeal to which Admiral Schley has been subjected to since Monday morning ended Wednesday afternoon when his cross-examination was concluded. When the judge advocate finished the cross-examination the court propounded to the admiral a number of questions prepared by members of the court. These questions touched many points of the campaign of the flying squadron, but mainly centered about the difficulties encountered in coaling and the reasons for the retrograde movement. Not one of them related to the battle off Santiago. The judge advocate's cross-examination covered the retrograde movement, the reconnoissance of May 31, the loop of the Brooklyn and the alleged colloquy with Lieutenant Hodgson about the Texas.

One of the most interesting features of Wednesday was the development of the fact that the report of the battle written by Admiral Schley July 6, 1898, was not the original report. The original report has never been published and in accordance with a previous decision the court declined to allow it to go into the records. Admiral Schley was allowed to explain, however, that Admiral Sampson declined to receive the first report because it did not mention the presence of the New York.

"I felt that the victory," said Admiral Schley in explaining the matter, "was big enough for all, and I made this change out of generosity and because I knew if the New York had been present she would have done as good work as anybody else."

Captain Thomas Borden of the marine corps, who was aboard the Brooklyn, will be the last witness called for Admiral Schley. After he testifies the judge advocate will put on the stand the witnesses in rebuttal, of whom there are understood to about 15. It is probable that Admiral Schley's counsel will call several witnesses in rebuttal.

It is learned that the original and unpublished report of Admiral Schley was dated off Santiago, July 3, and was addressed to Admiral Sampson, the commander-in-chief of the north Atlantic station. The report in substance declares the coming out of the Spanish fleet from the harbor of Santiago and calls attention to the fact that signals were made to the vessels of the American fleet which were obeyed by all the ships.

The report then proceeds to describe the fight and gives briefly the part played in it by each one of the ships, showing that the Brooklyn, the Oregon, the Texas and the Iowa remained in action until the Viscaya went ashore and that the Colon surrendered to the Brooklyn and the Oregon. The admiral commends the bravery of all the American officers and crews engaged in the fight and recommends the commanding officers for gallant and meritorious conduct and for the suberb handling of their ships. Then follows some routine matter giving the Spanish losses, the injuries to the American fleet and the casualties. It then asks that Admiral Sampson have the commanding officers transmit to him (Schley) their detailed accounts of the action in order that he might write a full and complete and official report of the battle.

Proved an Alibi.

Guthrie, O. T., Oct. 31.—Charles B. Wheeler, who was arrested in Texas last week and taken to Anardarko on a charge of murdering John R. Lilley, whose body was found in the Washita river near that place several months ago, was given a preliminary examination and discharged, he having proved an alibi.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel bouyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf

DISPATCH OF BULLER.

The Message That Caused His Dismissal from the Army.

BULLER ASKED IT.

The National Review Publishes the Dispatch and Tells Where it Was Obtained—Buller to Make Further Explanation.

London, Oct. 31.—The National Review gives the essential terms of the dispatch of Sir Redvers Buller to Gen Sir George White when in command of the beleaguered British garrison at Ladysmith. According to this authority the message ran as follows:

"I have been repulsed. You will burn your ciphers and destroy all your ammunition. You will then make the best terms you can with the Boers after I have fortified myself on the Tugela."

General Buller, in the report which led to his dismissal from the First army corps, challenges the National Review to publish the full dispatch and explain how it was obtained, declaring that he would then publish a certified copy of the original and allow the public to judge the matter.

The editor of the National Review now explains that he got the dispatch from a civilian who was in Ladysmith at the time, and who said there was nothing secret about it. He asserts that he understands that both General Buller and General White have officially asked permission to publish the authorized version, and he cannot conceive why permission has been withheld.

The same informant, giving an alleged explanation of the fact that there was not cooperation between General Buller and General White during the battle of Colonzo, says General White was informed that the attack was fixed for Dec. 17, but General Buller commenced the attack on Dec. 15, to the dismay of Gen. White, who had not completed his preparations.

The Morning Leader characterizes the National Review's version of Gen. Buller's dispatch to Sir George White as "imaginary and misleading."

Many Families Lose Their Homes.

Chicago, Oct. 31.—Seventy-five families lost their homes and $200,000 worth of property was destroyed in a fire Wednesday night that started in Peterson & Co.'s picture frame factory. Fanned by a strong wind, the flames got beyond and spread to the packing establishment of Feinberg & Stopp, and a long row of residences adjoining. Two blocks of dwellings skirting Milwaukee avenue were wiped out before the fire was subdued. The Peterson factory, which, with contents, was valued at $175,000, fully insured, was destroyed. The bulk of the loss was on residences fairly well covered by insurance.

Colombians Arrested for Conspiracy.

Colon, Oct. 31.—General Pedro Noespina, the Colombian minister of war, together with ex-President Castro and certain other Nationalists, recently conspired to oust Vice President Marroquin, the acting executive. A timely discovery of the plot resulted in the flight of Senor Caro, who took refuge in the German legation at Bogota, and the arrest of General Noespina, Dr. Holguin, ex-minister of foreign affairs, and Senor Saavedra, all of whom are now imprisoned at Cartagena.

Condition of Texas Banks.

Washington, Oct. 31.—The abstract of the condition of the national banks of Texas, exclusive of Houston, at the close of business Sept. 30, as reported to the controller of the currency, shows average reserve held at 26.14 per cent, against 35.24 per cent on July 15. Loans and discounts increased from $62,428,331 to $66,947,155; gold coin decreased from $2,439,769 to $2,240,302; total specie from $5,421,666 to $5,051,445; lawful money reserve from $8,659,559 to $8,505,992; individual deposits from $72,605,439 to $69,429,418.

Named His Boy for Czolgosz.

Topeka, Kan., Oct. 31.—At Ceneropolis, a small town in Franklin county, M. Bernheimer, a German farmer, named his infant son Leon Czolgosz, and was driven from the county by indignant citizens. Bernheimer sought a priest Wednesday and asked him to christen his son. When the point in the ceremony for the name to be given was reported, the priest indignantly refused to christen an infant such a name, and addressed a rebuke to the parents.

Crowe Letters Are Genuine.

Omaha, Oct. 31.—Chief Donahue has received assurance from Chicago handwriting experts of many years experience and who are connected with a large detective agency that letters received by the chief from Pat Crowe are genuine. The letters were sent to him for verification with specimens of Crowe's writing in the archives of the detective agency.

FRANCE AND TURKEY

Battleships and Cruisers Employed to Collect Accounts.

FRANCE DETERMINED

The Sultan Has Promised Time and Again to Settle, and Now France Proposes to Have No Further Delay About it.

Paris, Oct. 31.—Officials of the French foreign office confirm the report that a division of the French Mediterranean fleet, composed of three battleships and two cruisers, under command of Admiral Caillard, has proceeded from Toulon to Levant, to make a naval demonstration against Turkey. The foreign office official in communicating the foregoing to a correspondent here of the Associated Press, said:

"The equadron sailed with sealed orders and proceeds first to the island Smyrna, I think, where the admiral will receive definite instructions as to the carrying out of his sealed orders. I am not at liberty to say what the sealed orders are, but the seizure of customs at Smyrna would probably be a very effective way of convincing the sultan of France's exhausted patience, and that we may have decided to enforce immediate execution of the Turkish government's engagements. We, however, are very hopeful the sultan will not compel us to go to that extreme. The Turkish government has still three days of grace and we trust in meantime to receive complete satisfaction.

"We have acted very considerately toward Turkey, hoping up to the last moment she would carry out her engagements, and it is only now, when we find there is no serious indication of her doing so that we have reluctantly resolved to put stronger pressure to bear, in shape of a naval demonstration. Now two months since the French ambassador, M. Constans, left Constantinople. His departure failed to produce the desired effect. On contrary, even the quays and the Tubini questions, which were settled by the sultan's irades, remain unsatisfied.

"The internal situation in the Turkish empire deterred us for some time from taking drastic measures to enforce our demands. But the dignity of France could not permit the present state of affairs to be prolonged indefinitely. We sincerely hope the sultan will appreciate the fact we can not any longer be trifled with and relieve us of taking further steps to safeguard our interests."

The official was asked what would happen in the event the French squadron being ordered to seize customs, and if Turkish authorities resisted.

"That is a very unlikely contingency, but if it occurs, I suppose we shall have to bombard the port. We do not want bloodshed, and I do not believe there will be any occasion for it."

Long Trip in an Automobile.

New York, Oct. 31.—James S. Mitchell and G. W. Soules have just reached this city in an automobile, which left Toledo on Oct. 14 on an endurance tour. The test extended through 825 miles of country, and included all sorts and conditions of roads, hills, dales, cities, towns and villages. Though 17 days were spent on the road, there were only 80 hours of actual running time. In the entire trip the engine burned 95 gallons of gasoline, costing about 15 cents a gallon, and consumed about 1000 gallons of water. The engine and running gear reached here in good condition.

What a Five Cent Fare Cost.

New York, Oct. 31.—Eugene Lezinsky of L. & S. S. Levinsky, San Francisco and New York, dry goods commission merchants, obtained in the supreme court a verdict for $5000 against the Metropolitan Street Railway company because he refused to pay a cent fare twice and was ejected from the car. During a blockade on Broadway Mr. Levinsky was transferred from one car to another, the conductor afterwards refusing to recognize the transfer.

Yaquis Raiding Ranches.

Tucson, A. T., Oct. 31.—Joe Romado, owner of a large ranch near Guaymas, was assaulted and killed by Yaquai Indians Wednesday. The Yaquis raided his ranch and stole his horses and corn. They visited several other ranches and it is reported they killed other ranchers. Almost every day during the past week raids have been made and ranches along the river are almost deserted.

Minister Stricken Blind.

New York, Oct. 31.—Rev. Charles Herald, who since his ordination in 1889, has been pastor of the Bethseda Congregational church in Brooklyn, was suddenly stricken blind while in a trolley car on his way to consult an eye specialist. An operation became necessary and at the Long Island hospital it was found that he would never recover his sight.

Toronto, Ont., Oct. 31.—John Armstrong, 55 years old, came home Wednesday evening and found his wife lying dead in bed. He went to the cellar and hanged himself.

Made Associate Justice.

Washington, Oct. 31.—Frank I. Osborne of North Carolina has been appointed associated justice of the court of private land claims.

AMERICANS TO CELEBRATE

Preparing a Reception for Miss Stone When She Reaches Sofia.

New York, Oct. 31.—Americans are preparing a reception for Miss Stone, upon her release, says a Sofia correspondent of The Journal. The Russian minister, M. Bakhameteff, expects a letter soon from Miss Stone and the brigands through the envoy sent last Friday. It is believed that Miss Stone will be able to be present at Philipopolis on Nov. 8 at the dedication of the new American church there. After that she will doubtless go to the United States to see her relatives. It is hoped that Miss Stone will be able to reach America by Thanksgiving day in case she is released by the brigands.

DENIES RESPONSIBILITY.

Turkey Will Resist Demand to Return Ransom for Miss Stone.

Constantinople, Oct. 31.—The Turkish government is already preparing to resist the anticipated demand of the United States for the repayment of ransom necessary to secure the release of Miss Ellen M. Stone The porte repudiates all responsibility for the kidnapping of Miss Stone and maintains that the United States has no claim against Turkey and that therefore the latter is justified in refusing to recoup the United States for money expended in her release. A high Turkish official said Turkish resistance of any claims would be based on the contention:

"First—That Miss Stone, although warned of the dangers of the road, persisted in traveling; second, that she did not notify the authorities of her intention in order to obtain any escort, which precaution even foreign consuls have always taken when traveling in such outlying, insecure districts of the empire, and third, that the brigands who kidnaped Miss Stone and her companion were Bulgarians, and that the coup was panned in Bulgaria and that the sanctuary was found in Bulgarian territory."

PURE FOOD LAW.

New Jersey Has the Strictest Act of Any of the States.

New York, Oct. 31.—What is said to be the strictest pure food law in the United States is now in effect in New Jersey. Its enforcement has been entrusted to the New Jersey state board of health. Under it the office of state dairy commissioner is abolished and his duties will come under those of the chief food inspector. There will be a large number of deputies scattered all over the state. Everything that can come into use for human consumption as food or drink is included under the law. The inspection will even take in canned goods. It does not matter whether these or anything else is manufactured or put up outside the state or in it, they are liable to come under the direction of the law, if the analysis made from time to time shows them to be unfit for human food.

Freight Going Lower.

New York, Oct. 31.—Ocean freights are still falling and some firms having many time charters of large steamships stand to lose heavily. Freight on cotton has tumbled nearly one-third. One vessel has even been chartered to carry 325,000 gallons of oil to Colombo and Shanghai for 21 cents a case (five gallons), the price formerly being 40 and 50 cents.

Given Seven Years.

McKinney, Tex., Oct. 31.—In the case of Gabe Hall charged with assault to murder his wife, the jury returned a verdict of guilty and assessed the punishment at seven year in the penitentiary. This is the third trial. In the first he was sentenced for five years and in the second for seven years.

Railroad Building in Texas.

Austin, Oct. 31.—The railroad mileage in Texas continues to increase in a most satisfactory way, and this year will be a record-breaker. Including all main lines, both for logging and regular railroads, 338 miles of track was laid during the nine months ending Sept. 30.

Mail Pouch Stolen.

Austin, Oct. 31.—News has been received here that a United States mail pouch containing much valuable matter had been stolen between the depot and postoffice at Waco Wednesday. Among other articles the pouch contained a lot of liquor dealers' stamps sent from here to Waco.

Liverpool Declared Plague Infected.

Rome, Oct. 31.—The port of Liverpool, England, has been declared infected with the bubonic plague by Italy. Arrivals from Liverpool at Italian ports will undergo the customary disinfection.

New Mexico's Cattle Quarantine.

Santa Fe, Oct. 31.—Governor Otero has issued a proclamation for the quarantine against cattle from Texas from Nov. 1 to March 5, owing to the prevalence of Texas fever in Texas.

Land Receipts for October.

Austin, Oct. 31 —The land sales and leases, according to to state treasurer's receipts furnished the comptroller for the month of October, shows a total of $138,978, an increase of over $5600.

THE SCHLEY INQUIRY.

Evidence in Behalf of the Defendant Has Been Closed.

BORDEN IS THE LAST

Rebuttal Witnesses on the Government Side Now Giving Testimony, Then Will Come Admiral Schley's Time for Rebuttal.

Washington, Oct. 31.— When the Schley court of inquiry opened to-day Captain T. S. Borden was called as the first witness, and who was the last witness to testify in Admiral Schley's behalf. It had been expected Admiral Barker would be called, but it was decided his testimony was not necessary. Captain Borden is an officer in the marine corps and served on the Brooklyn during the Cuban campaign. His testimony was, therefore, largely corroborative of the evidence which heretofore had been given by others who were on the Brooklyn. The remainder of the day was taken up with hearing of witnesses called by the navy department, for the purpose of impeaching certain parts of testimony given in support of Admiral Schley. Included in the list for this purpose is Captain Charles D. Sigsbee, of the St. Paul; Captain Francis F. Chadwick, of Admiral Sampson's flagship New York; Sylvester Scovil, who was a newspaper correspondent in Cuban waters during the campaign; Major T. N. Wood, who served on board the Massachusetts as a marine officer; Lieutenant Commander Potts and Lieutenant Grant, who were on the Massachusetts, and Captain Joseph G. Eaton, who was on the Resolute.

Captain Sigsbee was called for the purpose of rebutting the testimony as to his message to the Somers N. Smith, the press boat, and also his conversation on the Brooklyn to which witnesses have testified he told Commodore Schley the Spaniards were not in Santiago.

MR. HANNA ASKS A QUESTION.

Scovil was summoned for the purpose of rebutting the testimony as to Captain Sigsbee's message to the press boat, Somers N. Smith.

Captain Chadwick was called to testify concerning the conference between Admiral Sampson and Commodore Schley on May 19.

Major Wood, Commander Potts and Lieutenant Grant are expected to testify relative to the ward room conversation on the Massachusetts on May 31, in which Lieutenant Sears is alleged to have spoken of the difficulty of getting Admiral Schley to embark upon a reconnoissance in the harbor at Santiago, which took place on that day.

Counsel for Admiral Schley was prepared to make technical objections to most of this testimony and the day began with prospect that much of the time would be occupied in discussing the points at issue between the counsel on the two sides of the case.

Admiral Schley probably will not return to the witness stand for a correction of his testimony for two or three days.

Captain Borden recounted his observations of the Santiago blockade and the battle, which agreed with those of other witnesses from the Brooklyn. In reply to a question from Mr. Rayner, he said he had seen Commodore Schley three times during the battle and his bearing was "everything officers and the crew could have expected."

At the conclusion of Captain Borden's testimony counsel for Admiral Schley announced they had closed their case.

Lieutenant Grant was called as the first witness for rebuttal.

Schley Finishes His Testimony.

Washington, Oct. 31.—The long ordeal to which Admiral Schley has been subjected to since Monday morning ended Wednesday afternoon when his cross-examination was concluded. When the judge advocate finished the cross-examination the court propounded to the admiral a number of questions prepared by members of the court. These questions touched many points of the campaign of the flying squadron, but mainly centered about the difficulties encountered in coaling and the reasons for the retrograde movement. Not one of them related to the battle off Santiago. The judge advocate's cross-examination covered the retrograde movement, the reconnoissance of May 31, the loop of the Brooklyn and the alleged colloquy with Lieutenant Hodgson about the Texas.

One of the most interesting features of Wednesday was the development of the fact that the report of the battle written by Admiral Schley July 6, 1898, was not the original report. The original report has never been published and in accordance with a previous decision the court declined to allow it to go into the records. Admiral Schley was allowed to explain, however, that Admiral Sampson declined to receive the first report because it did not mention the presence of the New York.

"I felt that the victory," said Admiral Schley in explaining the matter, "was big enough for all, and I made this change out of generosity and because I knew if the New York had been present she would have done as good work as anybody else."

Captain Thomas Borden of the marine corps, who was aboard the Brooklyn, will be the last witness called for Admiral Schley. After he testifies the judge advocate will put on the stand the witnesses in rebuttal, of whom there are understood to about 15. It is probable that Admiral Schley's counsel will call several witnesses in rebuttal.

It is learned that the original and unpublished report of Admiral Schley was dated off Santiago, July 3, and was addressed to Admiral Sampson, the commander-in-chief of the north Atlantic station. The report in substance declares the coming out of the Spanish fleet from the harbor of Santiago and calls attention to the fact that signals were made to the vessels of the American fleet which were obeyed by all the ships.

The report then proceeds to describe the fight and gives briefly the part played in it by each one of the ships, showing that the Brooklyn, the Oregon, the Texas and the Iowa remained in action until the Viscaya went ashore and that the Colon surrendered to the Brooklyn and the Oregon. The admiral commends the bravery of all the American officers and crews engaged in the fight and recommends the commanding officers for gallant and meritorious conduct and for the suberb handling of their ships. Then follows some routine matter giving the Spanish losses, the injuries to the American fleet and the casualties. It then asks that Admiral Sampson have the commanding officers transmit to him (Schley) their detailed accounts of the action in order that he might write a full and complete and official report of the battle.

Proved an Alibi.

Guthrie, O. T., Oct. 31.—Charles B. Wheeler, who was arrested in Texas last week and taken to Anardarko on a charge of murdering John R. Lilley, whose body was found in the Washita river near that place several months ago, was given a preliminary examination and discharged, he having proved an alibi.

Ran Into an Open Switch.

Rock Springs, Wyo., Oct. 31.—The westbound Union Pacific passenger train was wrecked at that place by running into an open switch. The passengers were badly shaken up and W. W. Alexander, a traveling man from Chicago, painfully, but not seriously injured.

Lynching in Kentucky.

Hodgensville, Ky., Oct. 31.—A mob of 50 men came into town about 2 o'clock this morning and took from the jail Silas Estis, a negro, charged with forcing Granville Ward, a 15-year-old boy, to commit a crime, and strung him to the courthouse steps, after riddling him with bullets.

FRIDAY, NOVEMBER 1, 1901.

To the Houston Post Poet.

Wish we knew something to say—
We'd certainly say it.
Wish we knew how a tribute to pay.
We'd cheerfully pay it.
Being dumb, what can we do,
Save make our best bow to you
For the daily menu of pathos and wit
That you serve in the Post for our benefit?
May you merrily live and long,
To cheer our hearts with mellifluous song—
The tenderest poet, the humanest man—
The jolliest, wisest and best of the clan.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel bouyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf

DISPATCH OF BULLER.

The Message That Caused His Dismissal from the Army.

BULLER ASKED IT.

The National Review Publishes the Dispatch and Tells Where it Was Obtained—Buller to Make Further Explanation.

London, Oct. 31.—The National Review gives the essential terms of the dispatch of Sir Redvers Buller to Gen Sir George White when in command of the beleaguered British garrison at Ladysmith. According to this authority the message ran as follows:

"I have been repulsed. You will burn your ciphers and destroy all your ammunition. You will then make the best terms you can with the Boers after I have fortified myself on the Tugela.'

General Buller, in the report which led to his dismissal from the First army corps, challenges the National Review to publish the full dispatch and explain how it was obtained, declaring that he would then publish a certified copy of the original and allow the public to judge the matter.

The editor of the National Review now explains that he got the dispatch from a civilian who was in Ladysmith at the time, and who said there was nothing secret about it. He asserts that he understands that both General Buller and General White have officially asked permission to publish the authorized version, and he cannot conceive why permission has been withheld.

The same informant, giving an alleged explanation of the fact that there was not cooperation between General Buller and General White during the battle of Colonzo, says General White was informed that the attack was fixed for Dec. 17, but General Buller commenced the attack on Dec. 15, to the dismay of Gen. White, who had not completed his preparations.

The Morning Leader characterizes the National Review's version of Gen. Buller's dispatch to Sir George White as "imaginary and misleading."

Many Families Lose Their Homes.

Chicago, Oct. 31.—Seventy-five families lost their homes and $200,000 worth of property was destroyed in a fire Wednesday night that started in Peterson & Co.'s picture frame factory. Fanned by a strong wind, the flames got beyond and spread to the packing establishment of Feinberg & Stopp, and a long row of residences adjoining. Two blocks of dwellings skirting Milwaukee avenue were wiped out before the fire was subdued. The Peterson factory, which, with contents, was valued at $175,000, fully insured, was destroyed. The bulk of the loss was on residences fairly well covered by insurance.

Colombians Arrested for Conspiracy.

Colon, Oct. 31.—General Pedro Noespina, the Colombian minister of war, together with ex-President Castro and certain other Nationalists, recently conspired to oust Vice President Marroquin, the acting executive. A timely discovery of the plot resulted in the flight of Senor Caro, who took refuge in the German legation at Bogota, and the arrest of General Noespina, Dr. Holguin, ex-minister of foreign affairs, and Senor Saavedra, all of whom are now imprisoned at Cartagena.

Condition of Texas Banks.

Washington, Oct. 31.—The abstract of the condition of the national banks of Texas, exclusive of Houston, at the close of business Sept. 30, as reported to the controller of the currency, shows average reserve held at 26.14 per cent, against 35.24 per cent on July 15. Loans and discounts increased from $62,428,331 to $66,947,155; gold coin decreased from $2,439,769 to $2,240,302; total specie from $5,421,666 to $5,051,445; lawful money reserve from $8,659,559 to $8,505,992; individual deposits from $72,605,439 to $69,429,418.

Named His Boy for Czolgosz.

Topeka, Kan., Oct. 31.—At Ceneropolis, a small town in Franklin county, M. Bernheimer, a German farmer, named his infant son Leon Czolgosz, and was driven from the county by indignant citizens. Bernheimer sought a priest Wednesday and asked him to christen his son. When the point in the ceremony for the name to be given was reported, the priest indignantly refused to christen an infant such a name, and addressed a rebuke to the parents.

Crowe Letters Are Genuine.

Omaha, Oct. 31.—Chief Donahue has received assurance from Chicago handwriting experts of many years experience and who are connected with a large detective agency that letters received by the chief from Pat Crowe are genuine. The letters were sent to him for verification with specimens of Crowe's writing in the archives of the detective agency.

FRANCE AND TURKEY

Battleships and Cruisers Employed to Collect Accounts.

FRANCE DETERMINED

The Sultan Has Promised Time and Again to Settle, and Now France Proposes to Have No Further Delay About it.

Paris, Oct. 31.—Officials of the French foreign office confirm the report that a division of the French Mediterranean fleet, composed of three battleships and two cruisers, under command of Admiral Caillard, has proceeded from Toulon to Levant, to make a naval demonstration against Turkey. The foreign office official in communicating the foregoing to a correspondent here of the Associated Press, said:

"The equadron sailed with sealed orders and proceeds first to the island Smyrna, I think, where the admiral will receive definite instructions as to the carrying out of his sealed orders. I am not at liberty to say what the sealed orders are, but the seizure of customs at Smyrna would probably be a very effective way of convincing the sultan of France's exhausted patience, and that we may have decided to enforce immediate execution of the Turkish government's engagements. We, however, are very hopeful the sultan will not compel us to go to that extreme. The Turkish government has still three days of grace and we trust in meantime to receive complete satisfaction.

"We have acted very considerately toward Turkey, hoping up to the last moment she would carry out her engagements, and it is only now, when we find there is no serious indication of her doing so that we have reluctantly resolved to put stronger pressure to bear, in shape of a naval demonstration. Now two months since the French ambassador, M. Constans, left Constantinople. His departure failed to produce the desired effect. On contrary, even the quays and the Tubini questions, which were settled by the sultan's irades, remain unsatisfied.

"The internal situation in the Turkish empire deterred us for some time from taking drastic measures to enforce our demands. But the dignity of France could not permit the present state of affairs to be prolonged indefinitely. We sincerely hope the sultan will appreciate the fact we can not any longer be trifled with and relieve us of taking further steps to safeguard our interests."

The official was asked what would happen in the event the French squadron being ordered to seize customs, and if Turkish authorities resisted.

"That is a very unlikely contingency, but if it occurs, I suppose we shall have to bombard the port. We do not want bloodshed, and I do not believe there will be any occasion for it."

Long Trip in an Automobile.

New York, Oct. 31.—James S. Mitchell and G. W. Soules have just reached this city in an automobile, which left Toledo on Oct. 14 on an endurance tour. The test extended through 825 miles of country, and included all sorts and conditions of roads, hills, dales, cities, towns and villages. Though 17 days were spent on the road, there were only 80 hours of actual running time. In the entire trip the engine burned 95 gallons of gasoline, costing about 15 cents a gallon, and consumed about 1000 gallons of water. The engine and running gear reached here in good condition.

What a Five Cent Fare Cost.

New York, Oct. 31.—Eugene Lezinsky of L. & S. S. Levinsky, San Francisco and New York, dry goods commission merchants, obtained in the supreme court a verdict for $5000 against the Metropolitan Street Railway company because he refused to pay a five cent fare twice and was ejected from the car. During a blockade on Broadway Mr. Levinsky was transferred from one car to another, the conductor afterwards refusing to recognize the transfer.

Yaquis Raiding Ranches.

Tucson, A. T., Oct. 31.—Joe Romado, owner of a large ranch near Guaymas, was assaulted and killed by Yaquai Indians Wednesday. The Yaquis raided his ranch and stole his horses and corn. They visited several other ranches and it is reported they killed other ranchers. Almost every day during the past week raids have been made and ranches along the river are almost deserted.

Minister Stricken Blind.

New York, Oct. 31.—Rev. Charles Herald, who since his ordination in 1889, has been pastor of the Bethseda Congregational church in Brooklyn, was suddenly stricken blind while in a trolley car on his way to consult an eye specialist. An operation became necessary and at the Long Island hospital it was found that he would never recover his sight.

Found His Wife Dead.

Toronto, Ont., Oct. 31.—John Armstrong, 55 years old, came home Wednesday evening and found his wife lying dead in bed. He went to the cellar and hanged himself.

Made Associate Justice.

Washington, Oct. 31.—Frank I. Osborne of North Carolina has been appointed associated justice of the court of private land claims.

AMERICANS TO CELEBRATE

Preparing a Reception for Miss Stone When She Reaches Sofia.

New York, Oct. 31.—Americans are preparing a reception for Miss Stone, upon her release, says a Sofia correspondent of The Journal. The Russian minister, M. Bakhameteff, expects a letter soon from Miss Stone and the brigands through the envoy sent last Friday. It is believed that Miss Stone will be able to be present at Philipopolis on Nov. 8 at the dedication of the new American church there. After that she will doubtless go to the United States to see her relatives. It is hoped that Miss Stone will be able to reach America by Thanksgiving day in case she is released by the brigands.

DENIES RESPONSIBILITY.

Turkey Will Resist Demand to Return Ransom for Miss Stone.

Constantinople, Oct. 31.—The Turkish government is already preparing to resist the anticipated demand of the United States for the repayment of ransom necessary to secure the release of Miss Ellen M. Stone The porte repudiates all responsibility for the kidnapping of Miss Stone and maintains that the United States has no claim against Turkey and that therefore the latter is justified in refusing to recoup the United States for money expended in her release. A high Turkish official said Turkish resistance of any claims would be based on the contention:

"First—That Miss Stone, although warned of the dangers of the road, persisted in traveling; second, that she did not notify the authorities of her intention in order to obtain any escort, which precaution even foreign consuls have always taken when traveling in such outlying, insecure districts of the empire, and third, that the brigands who kidnaped Miss Stone and her companion were Bulgarians, and that the coup was panned in Bulgaria and that the sanctuary was found in Bulgarian territory."

PURE FOOD LAW.

New Jersey Has the Strictest Act of Any of the States.

New York, Oct. 31.—What is said to be the strictest pure food law in the United States is now in effect in New Jersey. Its enforcement has been entrusted to the New Jersey state board of health. Under it the office of state dairy commissioner is abolished and his duties will come under those of the chief food inspector. There will be a large number of deputies scattered all over the state. Everything that can come into use for human consumption as food or drink is included under the law. The inspection will even take in canned goods. It does not matter whether these or anything else is manufactured or put up outside the state or in it, they are liable to come under the direction of the law, if the analysis made from time to time shows them to be unfit for human food.

Freight Going Lower.

New York, Oct. 31.—Ocean freights are still falling and some firms having many time charters of large steamships stand to lose heavily. Freight on cotton has tumbled nearly one-third. One vessel has even been chartered to carry 325,000 gallons of oil to Colombo and Shanghai for 21 cents a case (five gallons), the price formerly being 40 and 50 cents.

Given Seven Years.

McKinney, Tex., Oct. 31.—In the case of Gabe Hall charged with assault to murder his wife, the jury returned a verdict of guilty and assessed the punishment at seven year in the penitentiary. This is the third trial. In the first he was sentenced for five years and in the second for seven years.

Railroad Building in Texas.

Austin, Oct. 31.—The railroad mileage in Texas continues to increase in a most satisfactory way, and this year will be a record-breaker. Including all main lines, both for logging and regular railroads, 338 miles of track was laid during the nine months ending Sept. 30.

Mail Pouch Stolen.

Austin, Oct. 31.—News has been received here that a United States mail pouch containing much valuable matter had been stolen between the depot and postoffice at Waco Wednesday. Among other articles the pouch contained a lot of liquor dealers' stamps sent from here to Waco.

Liverpool Declared Plague Infected.

Rome, Oct. 31.—The port of Liverpool, England, has been declared infected with the bubonic plague by Italy. Arrivals from Liverpool at Italian ports will undergo the customary disinfection.

New Mexico's Cattle Quarantine.

Santa Fe, Oct. 31.—Governor Otero has issued a proclamation for the quarantine against cattle from Texas from Nov. 1 to March 5, owing to the prevalence of Texas fever in Texas.

Land Receipts for October.

Austin, Oct. 31 —The land sales and leases, according to to state treasurer's receipts furnished the comptroller for the month of October, shows a total of $138,978, an increase of over $5600.

Fatally Burned.

Paris, Tex., Oct. 31.—Ab Barnes, a Delta county farmer living near Pacio, was almost fatally burned by the explosion of a lamp while carrying it in his hands.

Mrs. Grant Improves.

Washington, Oct. 31.—The condition of Mrs. Julia D. Grant, the widow of General Grant, who has been sick for some days, is considerably improved.
